If you're still stuck, view our extensive list of FAQs at the Brother Solutions Centre. Our support app is only a click away, so download today. If it has, raise the feed to ensure the fabric will move forward. Computerised machines will remind you to do this. This will switch the machine back to Rethread the machine following the threading instructions in your machine's instruction manual. You will also find instructions for your machine online via the Brother solutions centre Note We find that Butterfly and Singer Branded needles are often not compatible with Brother sewing machines and may cause issues with your machine not picking up lower thread. We would recommend using either Organ or Schmetz branded needles. Rethread the machine following the instructions in your manual and ensure that the foot is raised. If there is tension when pulling the thread, then the thread may be unsuitable for machine sewing and should be replaced with machine sewing thread from a reputable brand. It's possible there be a timing issue with your machine. Contact your Brother dealer to arrange a service or contact our customer service team. Make sure the presser foot is lifted before threading the machine. <http://sekret.by/userfiles/dakota-watch-manual.xml>

Set your bobbin correctly into the machine. For top loading bobbins, the thread needs to be going around the bobbin in an anticlockwise direction. Use the guides on your machine or refer to your instruction manual. If you have a mechanical machine, check that the foot is lowered before sewing. Computerised machines will remind you to do this. Using thread that does not pull through smoothly can cause thread breakages, poor stitching or damage to your machine. For best results, you should use a good quality, branded thread. The thread should pull through the machine with no tightness. Our Story Janome is the number one sewing machine brand in Australia. Proud to be an exclusively Janome authorised dealer, our family has been in the sewing business for over 60 years and is 100% Australian and family owned and operated. From the very beginning, we provided superior advice, and products and services at great prices to customers; this is something we still continue to do today, without compromise.

Our friendly staff go out of their way to help our customers to realise their dreams. Whether we are dealing with a firsttime sewer or an experienced commercial customer, our approach is always the same. We listen, we understand and then we offer our advice. Not to mention value for money prices. We are home and commercial sales specialists for Janome sewing machines, Janome overlockers, Elna sewing machines and Horn sewing cabinets. Also available, spare sewing machine parts and sewing machine accessories. We are based in Brisbane QLD. Our Shop Sales Team is available all day via phone. For all other enquiries the best way for us to help you is to simply email us. Include your name, contact phone number, best email details and order number if applicable along with your enquiry. The enquiries team will then have everything they need to assist you.

We know all online stores can look the same and it can be tricky finding a reason to buy from one place over the other. We're always looking to update and include more and more information to our page to help you with what you need to make a purchase in full confidence. When you shop with us you're not just buying a machine or part. You're joining our community of Sewists and receiving our utmost care and attention. Not only do we offer a BETTER DEAL than our competitors we also have SUPERIOR CUSTOMER SERVICE, handling your orders with care from start to finish. We're not just a sewing blog or webbased dealer who never has the product pass through their hands. We have carried our PRIDE AND STANDARDS over from our BRICK AND MORTAR store to our online store with great success and endeavour to provide a 5 star service through all mediums. This means you get the full experience of shopping with real people and not just a computer screen. If you ever need any help we are only a few clicks away.

Our offices are open 6 days a week for phone calls and you can email us at any time if you would like to book for a direct consultation. Help us to provide the best possible service to you. We welcome any and all opportunities to improve upon our service and excel as an independent online seller so that we can continue to give you the best experience possible. We are constantly working with customer feedback to ensure we deliver excellent service every day. If you feel that we have not provided a 5 star service to you PLEASE EMAIL US. For safe and secure ordering from specialists who love to sew with fast and free shipping available Australia Wide, you can't go wrong shopping with us. We include free gifts with every machine purchase, because we WANT you to be happy. Frequently Asked Questions What is my warranty. All Elna machines have a 5 year mechanical and 2 year electrical warranty and Janome a 12 month mechanical, 5 year electrical warranty. We also offer a 2 year backtobase warranty which covers the return shipping charges for customers who have ordered online and need to return their machine to us for warranty purposes. This nationwide warranty covers all parts and labour involved in the event of a manufacturer's fault and is completed by us in Everton Park, QLD. If you do ever have any problems with the machine we encourage all our customers to give us a call or send us an email. More often than not our technicians or our floor staff can help you out with any problem that you have. Is servicing covered under warranty. Unfortunately servicing is not covered by warranty, however general servicing can be performed by any authorised Janome dealer or accredited repairman. Most sewing machine shops are accredited in Janome repairs. If you consider yourself quite handy or are unable to make it to a repair shop then service manuals for the machines are available online.

This is only because of the build up of fabric fibres fluff that can get trapped in the machine, which can clog up the machine and soak up the oil on the lower shaft. The best way to extend the life of your sewing machine between services is to get a hair dryer, a vacuum cleaner or air compressor with a small nozzle and remove the fluff from the machine every 3 months. My bonus pack was missing something. What do I do Our Exclusive Free Bonus Pack is our Gift to you when you purchase a machine with us, to supplement your sewing experience not only with a new machine but with added tools to help you on your way. Free Bonus Packs are assembled and added to your order at the time of shipping. We do reserve the right to substitute items in Free Bonus packs if a product is exhausted of stock. If you feel you are missing something in the pack do not worry, sometimes the supplies for our bonus packs in our warehouse change, as they supply our physical store at the same time. Just check your pack because our warehouse makes sure that if you are missing anything that you will be given something of GREATER value than your missing part. Free Bonus items are not exchangeable or interchangeable. If you are seeking a specific item to purchase alongside your new machine, take a look at our store. If you have any enquiries about your bonus items just contact us for assistance and one of our friendly staff will assist you. Can I Change my Bonus Pack. We get items for your free gift in bulk direct from the manufacturer. We then test the products to make sure that it is compliant with our machines and also of the highest quality just like our Elna and Janome

sewing machines. Once we are satisfied with the quality of the free gift we will list them as bonus packs on our website. The value is calculated by adding each individual unit's recommended retail price as we sell them on our website.

Because we bring in stock specifically for our free gift packs, we can not exchange or substitute items upon request. **What Happens When My Item Has Been Backordered.** As an Authorised Janome Dealer with more Janome accessories available than most in Australia, we have a constant flow of products arriving to us and delivered to customers, direct from Janome Australia. More often than not we update our pages with inventory levels so you know when something is delayed or no longer available. Sometimes rare or outdated parts and accessories slip under the radar and we may notify you on the status of any item you need that is backordered. Our warehouse team is constantly seeking updates on parts out of stock AustraliaWide so that we can be the first to make them available to you. We are more than happy to void relevant shipping charges and if the wait time is extensive, ship the item to you for your inconvenience with a small gift as a token of our appreciation. **How Come Your Prices Change So Often.** You can always count on us for the lowest price with free shipping, free bonus gifts and ongoing support should you need help. As you cannot guarantee the warranty, quality or condition of stock from unauthorised dealers, remember to always buy from an authorised Janome dealer. Authorised dealers receive their stock via Janome Australia and when available at a great price we ensure to stock up on machines so we can pass on great savings. Sales are often for a limited time and new models released every year, so prices are subject to change as required. If you find a better deal elsewhere, just call us. **How do you send your parcels.** We generally ship our parcels through Australia Post from our shop front in Everton Park, usually we are able to ship parcels the next business day from when you order. Lots of our machines are stored off site to keep our store neat and tidy.

While 99% of the time we have the machine in our shop ready to go, on the odd chance you order something we do not have we get the warehouse to deliver it to us. Typically order processing can take anywhere between 13 business days for handling, with the exception of public holidays or holiday closures. Please realise that while eBay's expected arrival date are typically accurate, it does not take into account that our parcel pick up is around 2pm most days. If payment is not received by then, there is a high chance that it will be sent out the next day. Furthermore as an added security feature from Paypal sometimes payments can be held for periods up to 24hours. While this does not happen often, please be aware that we do deal with hundreds of transactions a day. Read more on our FAQs [here](#). Website Hosting by Oley Media Group.
